OUTFIT YOUR NOTEBOOK COMPUTER WITH 32X CD-ROM SPEED!

Today, portable multimedia computing is essential, as most software is CD based. Now, you can add a high performance fast speed CD-ROM drive to your notebook computer easily and affordably with the CD Traveler. With the CD Traveler, you can access your CD-software with blazing speed for data retrievals and searches when and wherever you need it.

Multimedia software is revolutionizing both work and play, from high-powered business presentations to interactive games. Now you can reap the benefits of this cutting-edge technology conveniently and cost effectively in an airplane, a taxi, anywhere. And with CD Traveler, you'll never need to bother carrying batteries or finding an AC outlet. Because the CD Traveler is capable of drawing all of its necessary power from your notebook computer at fast speed.

With CD Traveler you'll enjoy the following:

Complete solution! Nothing else to buy. Includes fast CD-ROM drive, PC Card interface cable. AC adapter and installation software.

Optional Parallel connectivity kit, Sound upgrade kit, and Game port upgrade kit give you the maximum flexibility to explore your system!

Easy installation. Just plug in and go. Includes simple to install device drivers for DOS/WIN. Plug' N Play for Win95/98, Win NT, OS/2 and Linux.

Superior portability. Extremely small and lightweight top loading plastic design for easy travel. This less than 1 lb. unit goes with you only when you need it. Fits easily in most

notebook computer cases. The PC Card can be stored underneath the CD Traveler when not in use.

Three choices of power for your convenience. The CD Traveler operates via your notebook computer's power. It is a very low power unit and only a small amount of power is needed from your notebook. You never have to worry about carrying extra batteries or being tied to an A/C outlet. However, if you prefer, the CD Traveler will operate with the included A/C adapter or 6 AA batteries.

Full one-year manufacturer's warranty and lifetime technical support. Our web site also offers 24-hour on-line technical support.
